HIS EXCELLENCE

A TRIBUTE TO **MEKAPATI GOUTHAM REDDY** GARU

We, the students and faculty of Sri Mekapati Goutam Reddy Agricultural College, Udayagiri, take immense pride in being part of an institution that stands as a living tribute to the visionary leader Sri Mekapati Goutham Reddy Garu. His enduring commitment to rural development, youth empowerment, and educational upliftment continues to inspire us every day. This college established in his noble memory, is more than just for learning - it is a symbol of his dreams for a self-reliant, progressive agricultural society. We remain forever grateful to him and his family for this valuable contribution. His legacy lives on in every seed we sow, every concept we learn, and every step we take towards nation-building.

MESSAGES

From The Editorial Desk

Dear Reader,

Heartfelt Greeting!

The editorial committee expresses a deep sense of gratitude for the confidence bestowed upon the panel members in bringing out this college magazine **"HARITHODAYAM–2025"** successfully. It a compendium of different activities, achievements and highlights of the college and the artistic & literary talents of the students during the year 2024-25.

The editorial board thanks all its members, partially the student members for the spirit, commitment and efforts in bringing out best in this magazine.

The editorial board humbly place on record, its gratitude to **Dr. R. Sarada Jayalakshmi Devi**, Hon'ble Vice Chancellor, ANGRAU and all the University Officers for their inspirational and encouraging words and messages on this occasion. The editorial board thank the ANGRAU for providing the financial support to publish this college magazine.

The editorial board is pleased to express gratitude to our beloved Associate Dean, **Dr. G Krishna Reddy** for his guidance and constant support in shaping this magazine.

The committee has taken every effort to enhance the quality of the magazine. We express our deep sense of appreciation to one and all involved in bringing out this magazine on time.

MESSAGE

I am delighted to note that Sri Mekapati Goutham Reddy Agricultural College, Udayagiri, is celebrating its Annual Day, marking the completion of three years of dedicated service. The college has made remarkable progress in imparting quality undergraduate education. Its academic environment is enriched by integrity, excellence, and commitment to learning.

Vision of the College is well aligned with ANGRAU, and I appreciate the sincere efforts of the dedicated faculty and the commendable discipline and academic performance of the students.

On the occasion of college day, being celebrated on 04 JULY 2025, I am pleased to see the release of the college magazine 'Harithodayam'. This magazine is a testament of the college's achievements and a reflection of its vibrant academic and creative culture. It is truly the outcome of collective effort and creative collaboration.

I extend my heartfelt congratulations to the Associate Dean, faculty, and students for bringing out this magazine and wish them continued success in all their future endeavours.

Saradahri

MESSAGE

It gives me immense pleasure that Sri Mekapati Goutham Reddy Agricultural College, Udayagiri is releasing its college magazine, "Harithodayam", a vibrant reflection of the spirit, creativity, and dynamism of our student and faculty community, on the occasion of College Day.

College magazines play a pivotal role in the academic and cultural life of students. They not only serve as a platform for showcasing literary, artistic, and intellectual talents, but also chronicle the memories, milestones, and achievements of the institution throughout the year. May Harithodayam continue to flourish as a platform that nurtures creativity, promotes excellence, and reflects our collective aspirations and accomplishments.

I take this opportunity to commend our students for their enthusiastic involvement in NSS, sports, and cultural events, which not only bring glory to our institution but also contribute significantly to their holistic development. As young and nurturing minds, students should cultivate a strong sense of commitment to serve the society, contributing meaningfully to the betterment of the Nation.

As we come together to celebrate College Day, I extend my best wishes to all faculty members whose support, guidance, and dedication is instrumental in fostering young minds and shaping their future which is truly commendable.

I wish the College Day celebrations great success and hope this magazine becomes a cherished souvenir of this academic year.

MESSAGE

I am extremely pleased to send my message on the occasion of the College Day celebrations of Sri Mekapati Goutham Reddy Agricultural College, Udayagiri, and the release of the magazine 'Harithodayam' on 4th July 2025.

I am delighted to see the enriching content featured in the magazine, uplifting stories, heartfelt poems, insightful articles, and beautiful illustrations. The college continues to excel not only in academics but also in co-curricular activities, particularly through NSS, which fosters social responsibility among students.

I am confident that the faculty and students of this college will continue to reach new milestones and serve both society and the farming community with distinction.

I commend the Associate Dean, Editorial Team, faculty, and students for their dedicated efforts and extend my best wishes for continued success.

MESSAGE

It gives me immense pleasure to convey my heartfelt greetings to *Sri Mekapati Goutham Reddy Agricultural College, Udayagiri*, on the occasion of its College Day celebrations. This moment marks not only a milestone in the academic calendar but also a celebration of the collective spirit, achievements and aspirations of the institution.

The college has emerged as a beacon of agricultural education in this region, steadfastly committed to empowering rural youth with scientific knowledge, practical skills, and a deep-rooted sense of service to the farming community. In an era where agriculture faces multifaceted challenges-from climate change to technological transitions-institutions like yours hold the key to sustainable transformation.

I commend the Associate Dean, faculty, staff, and students for their untiring efforts in fostering a culture of academic excellence, innovation, and social responsibility. Let this celebration be a reflection of past achievements and a catalyst for future endeavours. I urge every student to dream big, stay rooted in values and contribute meaningfully to the progress of Indian agriculture.

Wishing the College Day celebrations grand success and the college continued growth and glory in the years

ABOUT THE COLLEGE

A REPORT ON ACTIVITIES OF

SRI MEKAPATI GOUTHAM REDDY AGRICULTURAL COLLEGE, UDAYAGIRI

UDAYAGIRI – A HISTORIC TOWN

Udayagiri, a town in the SPSR Nellore District of Andhra Pradesh, holds significant historical importance, largely due to its formidable hill fort. Perched atop an elevation of 3,079 feet (940 meters) within the Nallamala Hills, a sub-range of the Eastern Ghats, its name "Udayagiri," meaning "sunrise hill" in Telugu, appropriately describes its picturesque setting. The fort's origin predates the 14th century, initially governed by local chieftains who recognized its strategic value as an ideal stronghold due to its natural defenses and water access. It gained prominence in the 15th century under the Gajapati kings, particularly when King Prataparudra Deva reinforced its defenses as a military outpost against the Vijayanagara Empire. A pivotal moment occurred in 1514 CE when Emperor Sri Krishnadevaraya of the Vijayanagara Empire successfully captured the fort after an 18-month siege. This victory extended the Vijayanagara Empire's influence into the eastern territories, encompassing the area now known as SPSR Nellore District. Vijayanagara rulers further enhanced the fort by adding gateways, temples, and sophisticated water management systems. Following the decline of the Vijayanagara Empire after the Battle of Talikota in 1565 CE, Udayagiri subsequently came under the control of the Qutb Shahi dynasty, the Nawabs of Arcot, and later the British, gradually falling into disrepair. Today, its ruins, including remnants of 365 temples showcasing Chola, Pallava, and Vijayanagara architectural styles, attest to its rich past, offering insights into the region's military strategies and cultural heritage.

Udayagiri town is nestled within the Udayagiri Hills of SPSR Nellore District, Andhra Pradesh, and is part of the Eastern Ghats Mountain range. The town lies about 100 km west of Nellore city at an elevation of 230 meters. The Udayagiri hills display notable natural beauty, characterized by dense vegetation, scenic waterfalls, and a diverse array of flora and fauna, including numerous medicinal plants thriving in their dry deciduous and scrub forests. This abundance of beneficial plant life has led to these hills being known as ‘Sanjeevi Hills’. Within this serene environment stands the ancient Udayagiri fort, now largely in ruins but remaining a considerable attraction. Many religious structures are also scattered across these hills, harmonizing with the natural scenery and contributing to the spiritual and aesthetic appeal of the place. The area is exceptionally rich in plant life, with the Fabaceae being particularly prominent. Local communities traditionally utilize various plants for their medicinal properties and other uses.

Udayagiri experiences a tropical climate, characterized by hot summers, moderate winters, and significant rainfall during the monsoon season (June to September), which strongly supports the area's agrarian economy. Primary agricultural crops include rice, groundnut, and pulses. Horticultural crops such as mango, citrus and guava also cultivated here. The region's soil, predominantly red loamy and black cotton, supports diverse cultivation. Irrigation largely depends on the Somasila Dam, located 60 km away on the Penna River, with a substantial capacity of 78 TMC. Local borewells and the Kona Canal, which irrigates over 5,000 hectares, also play crucial roles.

Culturally, Udayagiri presents a vibrant blend of Hindu, Muslim, and Christian communities. The town is sometimes referred to as “Nawabi Adda,” acknowledging its significant Muslim population and historical connections. Telugu and Urdu are widely spoken, reflecting the area's linguistic diversity. The annual Sandal Festival, observed on the 26th of Rabi-ul-Awal, attracts large gatherings, celebrating the town's Islamic heritage. Concurrently, Hindu festivals are enthusiastically celebrated at ancient temples such as Ranganatha Temple, Balakrishna Mandiram, and Paruveta Mandapam, underscoring deep-rooted spiritual traditions. The town is also distinguished by its 200-year-old GI-tagged wooden cutlery craft. Artisans meticulously carve intricate spoons, forks, and bowls, a tradition recognized for its unique origin and quality, supported by government schemes to ensure its continuity.

The Udayagiri Fort remains the town’s principal attraction. It is a vast complex featuring robust stone walls, defensive bastions, multiple gateways, and ruins of temples, former palaces, and historical water tanks, all demonstrating ancient engineering prowess. The Ammavarisala chamber adds an intriguing element to the fort's exploration. The fort is open daily from 8:00 AM to 6:00 PM, with an entry fee of INR 20 for Indian citizens. Several notable sites are within a convenient range of 60-80 km: The Somasila Dam (approx. 61 km), the Sri Penusila Narasimha Swamy Temple in Penchalakona (approx. 78 km), Bhairavakona (approx. 43 km) with its rock-cut Shiva temples and 200-meter waterfall. Udayagiri Town is located in close proximity to Kadapa City (approximately 78 km), Kavali (approximately 80 km), and Nellore City (approximately 97 km).

Establishment of College:

Sri Mekapati Goutham Reddy Agricultural College, Udayagiri was established duly taking over all the Infrastructure of Mekapati Rajmohan Reddy Institute of Technology & Science (MeRITS) vide G. O. MS. No.49 dated 01. 07. 2022 of Government of Andhra Pradesh and Proc. No. 1528 / Ser II / A1/ 2023 dated 07. 07. 2023 of ANGRAU duly absorbing 26 Teaching Faculty, 20 Non - Teaching Faculty and 30 Supporting Staff. The campus is having 106.77 acres. The college was established as 6th Constituent Agricultural College under Acharya N. G. Ranga Agricultural University and the undergraduate admissions were allowed from the year 2022 onwards.

About the College

Sri Mekapati Gowtham Reddy (SMGR) Agricultural College in Udayagiri, affiliated with Acharya N.G. Ranga Agricultural University, is a pivotal institution for agricultural education in the Sri Potti Sriramulu (SPSR) Nellore District. Its campus is peacefully situated at the foot of the Udayagiri hills (14°53'13.6"N 79°17'51.3"E), offering significant natural beauty and a calm learning environment. The large campus features a good network of black top roads for easy movement and boasts large, two-sided opening gates at its main entrances for smooth access. The natural surroundings, rich in various plants including medicinal varieties from the nearby forest, enhance the college's natural appeal and contribute to a conducive environment for studying and well-being. The college significantly contributes to advancing agricultural knowledge and developing skilled professionals. The college is currently offering four-year B.Sc. (Hons.) Agriculture course. Students are admitted to the undergraduate program based on their performance AP EAPCET, with approximately 165 students admitted annually. Twenty percent of the intake is filled through AGRICET, accommodating diploma students from agriculture and closely allied subjects like organic farming and seed science and technology.

INFRASTRUCTURE AND FACILITIES

Academics:

The college is well-equipped with numerous buildings, including academic blocks and specialized laboratories for its agriculture courses disciplines, providing modern spaces for both theoretical learning and practical application. To further enhance practical knowledge and align with the new curriculum, specifically the VI Dean's Committee recommendations, various skill enhancement courses have been introduced, such as mushroom production, organic farming, and other courses that incorporate practical knowledge and teach entrepreneurship skills. For academic resources, the college features digital classrooms with LCD projectors, electronic podiums, and desktop computers for interactive learning. It also houses 19 specialized laboratories dedicated to various agricultural disciplines, including Agronomy, Horticulture, Plant Pathology, Entomology, Plant Breeding, Crop Physiology, Soil Science, Agricultural Economics, Agricultural Extension, Engineering, Animal Husbandry, and Computer Applications.

Library:

The college library is well equipped with the academic text books, national and international journals, magazines intended for curriculum development, PG entrance examinations, preparation of ICAR entrance examinations, bank services, civil services etc. The library provides extensive resources with over 500 books, e-books, Wi-Fi connectivity, and a photocopying facility for students and faculty use.

College Farm:

The campus further includes a two and half hectare college farm with borewell irrigation. A 'crop cafeteria' for students' demonstration was developed. The essential farm tools like ploughs, cultivators and students' hand-tools are available for providing valuable hands-on training. An agro-meteorology observatory for studying weather patterns and a shade net for demonstrating nursery techniques are also available.

Other on campus facilities:

For gatherings and official events, the college offers an air-conditioned conference hall for staff meetings, a spacious seminar hall with a seating capacity of 300, and an open auditorium that can accommodate up to 2,000 people.

Security across the campus is maintained through CC camera surveillance covering examination halls, college premises, and hostels.

Campus-wide Wi-Fi ensures consistent connectivity, and three Reverse Osmosis (RO) plants provide clean drinking water at the college and both hostels.

Student Life and Campus Accommodation facilities

Student accommodation is well-provided with a boys' hostel featuring 176 rooms accommodating 173 students, and a girls' hostel with 148 rooms accommodating 312 students. Campus has sufficient rooms are available to accommodate upcoming joining students. Both hostels offer mess facility with a dining capacity that can serve 200 students at a time, along with water coolers. A dedicated canteen also caters to the needs of students and staff.

The college actively promotes physical well-being through its sports facilities, including three volleyball courts, one ball badminton court, two shuttle courts, one basketball court, one cricket ground, and a 200-meter running track with facilities for high jump and long jump. The girls' hostel area specifically offers a tennikoit court, a badminton court, and a throwball court. Indoor sports facilities include table tennis, chess, caroms, and a mini-gymnasium.

A health clinic with basic medical equipment is available for student and staff welfare, and an ambulance is part of the transport section, which also includes three mini-buses, a Bolero SUV and a tractor to facilitate campus operations.

Beyond academics and physical activities, an "Officer In-charge (Student Activities) Section" houses a Cultural Activity Room equipped with musical instruments like tabla, violin, and tambourine, fostering student co-curricular engagement. Additional amenities contributing to a comprehensive and supportive learning environment include a guest house for visitors, well-organized administrative offices, ample faculty rooms, an Associate Dean's chamber, and sufficient residential quarters for teaching and non-teaching staff.

National Service Scheme Programme

The National Service Scheme (NSS) at SMGR Agricultural College helps our students become good citizens and get involved in the community. Through different activities, the NSS program teaches them how to serve others, lead, and work together for the nation. At SMGR Agricultural College, Udayagiri, two NSS scheme units are successfully running with 376 NSS student volunteers guided by two NSS program officers.

The NSS unit organized a "Blood Donation Camp" on March 27th, 2023 participated by many students, faculty, and staff contributing to local blood banks. A "Medical Health Check-up Drive" was conducted on March 28th, 2023, providing free basic health screenings and consultations to a large number of participants from both the college and the surrounding community. On 17th August 2024, the "NOT ME BUT YOU – Tobacco Free Youth Campaign 2.0" was organized to create awareness about tobacco-free lifestyle among the students and public by conducted as a rally passing through the major streets of Udayagiri. Town “19th Parthenium Awareness Week 2024” was observed to educate students and staff about the harmful effects of Parthenium weed and its management from 16th to 22nd August 2024 with various activities like rallies, awareness talks, and field demonstrations. On 5th October 2024, a “Clean & Green” initiative was undertaken to encourage environmental cleanliness and greenery within the campus.

Important Events Organized

This college actively enriches the student experience and contributes to the community through a variety of important events. These initiatives often involve collaborations and reflect our commitment to practical learning and outreach.

SL NO.	EVENT	DATE
1	World Environment Day	5th June
2	International Day of Yoga	21st June
3	127th Birth anniversary celebrations of Alluri Seetaramaraju	4th July
4	NSS- Organised a tree plantation programme under Ek Pad Ke Naam Abhiyam	6th July
5	Clean and green programme	20th & 27th July
6	144th Birth Anniversary of Sri Ballari Raghava (Tadipatri Raghavacharyulu)	2nd August
7	Shramadaan (Clean and green) programme	5th August
8	Vanamahotsavam (EK PED MA KE NAAM)	21st August
9	National Sports Day	26th August
10	Swachchata - Hi - Seva programme	18th September
11	NSS foundation Day	24th September
12	155th Birth anniversary celebrations of Mahatma Gandhi	2nd October
13	Shramadaan (Clean and green) programme	2nd October
14	Constitution Day	26th November
15	World Soil Day	5th December
16	National voters today	25th January
17	Swachh Andhra (Clean and green) Programme	15th February
18	International Women day	8th March
19	Swachh Andhra (Avoid- SUPs Promote Reuseable)	15th March
20	World Water Day	22nd March
21	Dr. B. R. Ambedkar Jayanthi	14th April

Campus Welfare and Support

Our college provides a robust system to ensure the well-being and safety of our students and staff. This includes dedicated support for various student groups, health services, safety measures, and efficient administrative assistance. A Women Protection Cell is in place to ensure a safe and supportive environment for all female students and staff, addressing any concerns with sensitivity and strict confidentiality. The college has a Health Clinic on campus, equipped with an examination table, stools, and other basic medical equipment for routine health check-ups. It is armoured with an ambulance.

A well laid out antiragging measures were taken such as, affixing posters showing the details about importance of Anti ragging and various levels of punishments. Conducted the awareness and interactive meetings making the students to know about ill effects of ragging. The teaching and non-teaching staff were assigned with the specific Schedule of antiragging duties with time-to-time monitoring both at boys and girls' hostels through the antiragging squad committee. In a measure to curb the menace of ragging the fresher's day was conducted after completing the two sessions of interactive meeting between freshers and seniors in presence of faculty.

For transportation and administrative support, the college maintains a dedicated section with three Mini Buses, one Bolero, one Ambulance, and one Tractor, ensuring smooth commuting and support services across the campus.

SC, ST, OBC and Minority students coaching cell

The SC/ST/OBC and Minority Coaching Cell at SMGR Agricultural College has been established with the aim of empowering students from socially and educationally disadvantaged backgrounds. The cell is actively involved in planning coaching classes for various competitive examinations such as ICAR-JRF/SRF, civil services, state government jobs, and other professional courses, thereby enhancing the academic and career prospects of SC, ST, OBC, and Minority students. In addition to academic support, the cell plays a crucial role in addressing the specific issues and challenges faced by these students, ensuring an inclusive and supportive environment. It works towards promoting equity, providing guidance, and facilitating access to necessary resources, thereby fostering their overall development and academic success.

Career Guidance & Expert Sessions

As part of the Diamond Jubilee Celebrations of ANGRAU, SMGR Agricultural College hosted a guest lecture on "Biological Diversity Act, 2002 and its Relevance" on September 8, 2023. The insightful session was delivered by Dr. B. M. K. Reddy, providing students and faculty with a deeper understanding of this crucial environmental legislation. This lecture highlighted the importance of biodiversity conservation and its legal framework, contributing to the students' holistic awareness in agricultural and environmental sciences.

The College recently hosted an enriching seminar on "Career Opportunities for Agriculture Students in Food and Agri-business Management (FABM)." by Mr. Kishore Kumar, a distinguished alumnus of IIM Ahmedabad and Lucknow, who is also the National Topper of the Common Admission Test (CAT), held on April 23, 2025, specifically tailored for III B.Sc. (Hons.) Ag. students. Mr. Kumar provided valuable insights into the diverse career paths available in the agri-business sector, particularly focusing on opportunities related to FABM programs. This initiative underscores the college's commitment to equipping students with practical knowledge and guidance for their future professional endeavours.

Distinguished Visitors

SMGR Agricultural College hosted key officials from Acharya N.G. Ranga Agricultural University (ANGRAU). On December 17, 2024, Dr. G. Ramachandra Rao, the Registrar of ANGRAU, visited the college. He attended the "Fresher's Day" event for the 2024 admitted batch, welcoming the new students, and also visited several departments.

Following this, on January 20, 2025, Dr. Ch. Sreenivasa Rao, the Dean of Agriculture from ANGRAU, honoured the college with his visit. Dr. Srinivasa Rao toured various laboratories, interacted with the faculty, and offered valuable guidance on Skill Enhancement Courses (introduced with VI Dean's Committee recommendations) after visiting units like the Mushroom Cultivation Unit.

Rhyme about Udayagiri

K. Manikanta Ranganayakulu
UA/2022-072

Where Andhra's beauty starts to gleam,
Rises Udayagiri, like a waking dream.
With carvings old and views so bright,
It fills the wandering heart with light.

Come wander through its rocky grace,
And find the charm of this historic place.
Udayagiri, a jewel to see,
Lost in its ancient majesty.

Meaning: Udayagiri in Andhra is beautiful and feels magical. It has old carvings and lovely views that make visitors happy. Explore its rocks and discover its historical charm, it is a precious and impressive old place to see.

FARMER - YOU are our loyal servant

Dr. G. Raghunadha Reddy
Professor & Head
Dept. of Agricultural Economics
SMGR Agriculture College, Udayagiri.

Bowing down to the progress of the country, YOU are cultivating wealth from the soil...

YOU always look at the world as heaven in the green of the sprouting saplings...

Considering the crops that sprout with smiles as your ambition...

Together with the Mother Earth, YOU made the green fields always shine...

Answered the hunger of people with the help of your struggling hands...

Even though the crops drowned and the droughts struck, YOU never lost the courage...

Always basking in the warmth of nature even by forgiving its disasters

Even though if governments, banks, traders and markets don't cooperate....

Even though the grain faces unremunerative prices and fall into a quagmire of losses...

Always thinking that it's enough to have food, shade and a blanket, without looking for comforts and luxuries...

Always considering your better-half as your real army in the burning agony...

Always wishing the development of your children and nation, keeping trust on Mother Earth...

YOU always answered the hunger of people with your struggling hands...

We, the citizens of India always indebted to YOU because... by virtue of the grief and every sweat that flows from you continue with altruism, selfishlessness and generosity.

Where the earth sings

D. Yashaswee Reddy
UA/2024-173

Sunshine bursts outside, inviting the soil to break
A farmer eagerly waits for, along with birds in her wake.
With a sprinkle of hope and trust in hands,
The earth is prepared and crops begin to stand.
The winds do not matter, and not the waves with thunder,
What remains constant is the roots forged down under.
With furrows plowed, and gentle curves reminding of a dash,
Constant work to strengthen life and nature manifests in a splash.
In each grain rests dormant a history of gold,
Life all but rests the bonds of labor.

Gods of Flesh and Toil

A.M.R. Manas
UA/2022-075

Some among us thrive with backs that bend but souls survive.
They mould the sphere with bare hands,excavating basalt from the grasslands.
The sun is their kryptonite,and rain, their stalwart.
They tear the torso of our monolith Mother with shears,and rear food from the mud
as shepherds do their flocks.
They smell petrichor miles before we do—a scent that sings of seeds they've buried.
You call them farmers,I call them gods.
The gods you pray to send lives to rot in mud—but the gods I call,
the gods of flesh and toil,grow life out of mud.

WOMB TO WORLD

N. Bharath Kumar
UA/2022-013

In between all the chaos...,
That sudden cry came across string attached to them, like no one can ever separate them soon after they were separated, something primal have started.
The man asked the midwife "How's my wife?"
She went through all the strife and got her womb torn with a knife welcoming the little life.
Beneath her expression less face, there are a lot of emotions that chase.
A tired body, restless eyes, always trying to calm the cries.
Losing hope as blood bath between her thighs.

TO MY BEST FRIEND

Kasireddy Satyasainath
UA/2022-132

One - can be a tree to give a life
One - can be shelter in a storm of life
One - can be an umbrella in a rain of life
One - can be a lesson of life
One - can be a sun to light of life
One - can be a home for love in life
One - can be a way to the destination of goal in life
One - can be a wall to support in life
One - can be a river in flow of life
One - can be a role in main lead of life
One - can be a nature to heal everything in life
One - can replace the love of parents in life
That one is the definition of a true friend in life.

BEYOND THE SKY

K. Gyan Priya
UA/ 2024-044

From a child to a teenager
I only thought of the world beyond the skies,
It was truly major, I found out truth from the lies.

My mind had many misconceptions,
About the space and the universe,
I tried to comprehend the relation,
To make my qualms clear.

I glimpsed at the world beyond the skies,
When I was just eleven, in an encyclopedia and never wanted to bid goodbyes,
As I was mesmerized by the first sight,
Of world beyond the skies.

Finally, my brain got entwined,
Of all the confusions I have in my heart and soul
I am strongly determined to reach there and make it my goal.

Harvest of faith

B. Kullayappa
UA/2023-069

I'm Ramanna, a farmer's son, a farmer's grandson & a farmer myself. This soil is in my blood, & I'd be lost without it.

"The floods have passed and half of my crop has been washed away."

I've taken loans from the money lender, but I'm struggling to repay them. I'm worried I'll lose my land.

"It's not just the floods that are the problem. The prices of seeds, fertilizers & equipments are raising every year. I'm barely scraping by, and I'm not sure how much longer I can keep going.

My daughter's marriage is upcoming & I'm worried about the expenses. I've taken loans to try & cover the costs, but I'm not sure how I'll repay them.

My son is studying hard, but I'm worried about his future. "I'm caught in a cycle of debt & poverty. I'm working hard, but it's not enough. I'm not sure what to do or where to turn."

The farm is struggling and I'm struggling with it. I'm not sure what the future holds, but I'm determined to find a way to make it work".

"Oh God! Please save me."

Like that Ramanna tell his sorrow to God. Then Ramanna feeling sad, sat down under a tree and dozed off.

Meanwhile Balaram stops his bullock cart, he getting off and came near to Ramanna, he woke up Ramanna and asked about the address of Udayagiri market to sell his produce.

Ramanna: Udayagiri market is 1.5 km from here. The nearby Kondayapalem market is 1 km away. Sell your produce in Kondayapalem market.

Balaram: I know about that, middlemen charges are more in that market, why because it is an unregulated market. I heard about Udayagiri market, a regulated market not like Kondayapalem market.

Ramanna looked puzzled."Regulated markets? I'm not sure what you mean" please explain me.

Balaram explained," Regulated markets are platforms where farmers can sell their produce directly to buyers, ensuring transparency and fairness in pricing. These markets are governed by rules & regulations that protect the interests of both farmers and buyers." There aren't many middlemen in regulated markets.

Ramanna: Did you suffer any damage from the floods last week?

Balaram: Yes, more than half of the crop was damaged.

Ramanna: Will the money earned after the sale (produce) be enough?

Balaram: It is not enough; I took a crop loan.

Ramanna: Please explain about crop loan. Is it beneficial to me?

Balaram: Yes, loan can be given based on cost of cultivation of crop & it should be advanced on the hypothecation of crop - means agricultural produce keep as security. Quantum of loan is fixed according to variety, season and type of crop.

We repay back according to schedule of crop production. Also, interest rates are subsidized, making it easier for farmers to repay as compare with money lenders.

(Like that Balaram explained many things to Ramanna which are beneficial to him.)

"Ramanna felt a sense of hope and said "Thank you, Balaram." I'll definitely look into this; it could be a game changer for my farm.

Balaram: Ok, I'll leave.

(Saying bye to Ramanna and he disappears as Ramanna watches.)

Ramanna is surprised and waken from sleep. Later, Ramanna did as Balaram said. (Taking credit farm banks when needed to cultivation of farm and selling his produce in regulated markets and follow some tips in cultivation.)

Ramanna is happy as he got the right results for his hard work.

"Ramanna believes that it was the god Balaram (God of Agriculture) who appeared in his dream and showed him the right path."

FACE the FAILURE

Hema Latha. V,
UA/2023-045

A girl whose name called Kiara, from small town with big dreams, very ambitious to become a doctor since her childhood. A dream of having white coat with a steth. She always had thought that her idea or help can contribute to big change in the society since from her childhood.

Here comes the situation in front of her to choose her dream or some other path just like a sheep in the flock. She stood for her dream though there were many obstacles she had faced in between. At last she was into the training course to which she was dreaming to become. Though the path was full of thorns, sleepless nights.....

She kept her full efforts by expecting her dreams comes true, but her efforts are just like watering to the dead plant with no results. Grades are not going well this makes her to drag deepest bottoms of her life. People surrounding to her started losing hope that makes her even lose the hope, getting into depression, she started speaking to no one, nights that end up crying.....

ONE YEAR LATER

She stopped taking her own decisions, she just joined BBA, which she never imagines to happen and THAT WAS LIFE. It has its own plans to teach unexpected lessons. She realizes that may be God has great plans for me. She was into the new world and with a new beginning in life, excitement to find herself.

Failures were faced by many, but what actually important is how you are going to be after that, either you are like clay mould sticks to the ground or bounces back with more speed...

Life will definitely offer the second chance. What you should remember is how wisely you are going to use it. She stopped proving herself to everyone pointing at her, as “LION DOESN’T ROAR TO PROVE THAT HE IS THE KING OF THE JUNGLE”. She started working in silence. Let her success answer every question that was raised on her.....

She started an organization for women, orphans, physically handicapped and to many people. Provided education, skill trainings, and confidence to them by giving hope to start every morning with a new beginning and not letting their pasts ruin their beautiful future. She might not achieved, what she had dreamt of, but she actually achieved more than that and became a reason for others dreams coming true, by bringing new smiles into their life’s.....

They might cut off the feathers of a flying bird, but one should strive to be like an eagle and fly above the clouds.

"The Silent Graveyard of Atlantic, Where the Ocean Swallows Secrets"

M. Harsha Priya
UA/2022-040

"Ships Vanish without a trace". "Planes disappear from radar mid-flight". "Compasses spin wildly as if guided by unseen force".
BERMUDA TRIANGLE - "A stretch of ocean between Florida, Puerto Rico and Bermuda."
What really happens in this Devil's Triangle?

Most Famous incidents:

1. Disappearance of flight 19 in 1945 - Squadron of '5' US Navy Bombers unexpectedly lost communication & never found.

2. USS Cyclops in 1918 on March 4 left Barbados and vanished without a distress call.

"No Wreckage". "No bodies". "No debris."

For these theories there are super natural theories as well as scientific reasons.

1. Rogue Waves: Sudden, massive waves turn over ships.

2. Methane gas eruption: Methane-hydrate deposits - frozen Methane gas trapped beneath ocean floor could suddenly erupts causing ships to sink.

3. Magnetic Anomalies: Presence of unusual electromagnetic forces.

4. Supernatural theories: Activity of Aliens, Time Wrap [Time behaves abnormally] etc.

Reality behind mystery:

Reality is that ocean is unpredictable & accidents happen worldwide - not just in Bermuda Triangle
Here, the one thing is certain: "When Ships enter Bermuda Triangle, the ocean doesn't always give them back.

It's okay to be not okay!!!!

Rama Gogada
UA/2022-117

By someone who is still figuring herself out

I'm currently walking through the academic halls of my youth. Some mornings I wake up feeling fine, the sky looks pretty, air feels light and for a while, things seem to be okay! But then there are days like today - when I wake up with no real reason to feel sad, but I do anyway.

Every sad moment has to be justified, that if I couldn't explain it, I had no right to feel it. I thought I had to keep smiling even when I was tired of pretending. But you know what I have come to realize? **Sometimes it's okay to be not okay**, where your heart feels too heavy to carry. It's okay if your smile doesn't reach quite your eyes today. It's okay if you feel quite, disconnected or overwhelmed. Emotions don't arrive with warning signs. Some just show up like uninvited guests and that doesn't make you weak.

And tomorrow, whenever you are ready, get up again. **Even the Sun takes breaks behind the Clouds.** Not because you have to, but because deep down you still believe that there is something beautiful waiting on the other side of this feeling.

Dear reader, if you are reading this and feeling overwhelmed, please be kind to yourself. There is no rule book for how to survive in college life. No perfect path exists. **JUST MESSY, BEAUTIFUL GROWING PAINS THAT SHAPE US INTO WHOM WE ARE MEANT TO BE.**

College isn't just about books and exams, it's where we begin to find ourselves in between chaos and finally to summarize, I walked in searching for a degree - and dear reader I found **DREAMS, HEARTBREAKS, FRIENDSHIPS and A VERSION OF ME THAT I NEVER KNEW BEFORE!!!**

जीवन की सरलता पर

जिंदगी है एक सदा गीत,
छोटी खुशियों में बसी है जीत.
ना चाहो चांद, ना मांगो तारा,
दिल से दिल तक का सफर है बस यारा।

TELUGU SECTION

మన రైతు ఎల్లప్పుడూ నిస్వార్థ సేవకుడే...

- దేశ ప్రగతి కోసం శిరస్సు వంచి, పుడమి నుండి సిరులు పండించితివి...
- మొలిచే మొలకల హరితంలో జగతిని స్వర్గమై కాంచితివి ...
- చిరుజల్లులతో మొలచిన పంటలే ఆశయంగా భావించితివి...
- పుడమితో మమేకమై పచ్చని పైరులను ప్రకాశింపచేసితివి...
- వ్యవసాయం అనేసాయంతో, ప్రజల ఆకలిని తీర్చితివి...
- వరదలు ముంచెత్తినా, నేలలు కరువు బారినా, ఆకాశమే శ్వాసై బ్రతుకుతూ...
- రగిలే వేదనలలో, ఆశల సైన్యంగా వచ్చిన భార్యను తోడుగా భావిస్తూ...
- తన బిడ్డల అభివృద్ధి కోసం నేల తల్లిని స్మరిస్తూ.... గిట్టు బాటు ధర లేకపోయినా, నష్టాల ఊబిలో పడినా....
- తన భవిష్యత్తు తరాల కోసం మరియు దేశాభివృద్ధి కోసం.....

కర్షకుడు పడే ఆవేదన మరియు రాల్చేస్వేదం.....
నిరంతరం... నిస్వార్థం... దాతృత్వం... పరోపకారం...

నిశ్శబ్దం

అలజడి రేగిన సంద్రంలో అయినా.....
సంశయాల్లో చిక్కుకున్న నీ మనస్సులో అయినా....
నిశ్శబ్దం చేసే మార్పులను మనం వెలగట్టగలమా???
ప్రళయాన్ని దాటేశావ్ అని ఊరటను కలిగించే చెలిమి ఆ నిశ్శబ్దం.....
పగిలిన నీ మనస్సును దగ్గరకు చేర్చే కౌగిలి ఆ నిశ్శబ్దం.....
రాలిన నీ ఆశలకు ప్రకృతి పంచే కొత్త చిగురు ఆ నిశ్శబ్దం.....
తుఫాను తర్వాత సాగుతున్న మంద్రపు గాలిలోని ప్రశాంతత ఆ నిశ్శబ్దం.....
అమావాస్యపు చీకటిని చెరిపి వెలుగుని పంచే వెన్నెల ఆ నిశ్శబ్దం....
అదే హర్షం, అదే నిత్యం
అదే నువ్వు, అదే నేను

అమ్మకు ప్రేమతో...

అమృతం రుచి ఎలా ఉంటుందో తెలియదు నాకు,
కానీ ప్రతీ రోజు అమ్మ ప్రేమను రుచి చూస్తుంటే విషం కూడా అమృతం అయిపోదా మనకు.
నా పెదవి పలికే తియ్యటి పదం అమ్మ
నా చూపు చూసే సుందర రూపం అమ్మ
నా మనసులో వుండే తియ్యటి జ్ఞాపకం అమ్మ
నా గుండె అనే గుడిలో అరుదైన దేవత అమ్మ
ఎన్ని తరాలు మారినా, ఎన్ని యుగాలు మారినా,
అమ్మ ప్రేమను మించిన బంధం దొరికేనా.
ఈ విశ్వంలోని శిఖరాలన్నీ ఏకమైననూ,
నీ ప్రేమకు సరితూగవేమో!
ఆకాశం లోని తారలన్నిటినీ కలిపినా, నీ మనసుకన్నా చల్లగా ఉండవేమో!!

నీ లక్ష్యం కోసం..

కళ్ళల్లో నమ్మకాన్ని నింపుకుని
గుండెల్లో ధైర్యాన్ని నింపుకుని
నీ లక్ష్యానికై బయలుదేరి వచ్చావు కానీ
ఇక్కడి సమాజాన్ని చూసి జడిసిపోయి, బెదిరిపోయి, నీ ఉద్దేశాన్ని మరచిపోయి బాధపడ్డావు
అప్పటిదాక ఊరు, ఇల్లు ప్రపంచం అనుకున్న నువ్వు
ఒక్కసారిగా ఏ మాత్రం ఇంగితం లేని మనుషుల మధ్య నలిగిపోయి, విసిగిపోయావు
నీ కళ్ళల్లోనీ నమ్మకానికి కంటనీరు అడ్డుపడిందా?
ఈ మనుషుల దరిద్రపు ప్రవర్తన వల్ల నీ గుండెల్లోని ధైర్యానికి భయం అనే తెర పడిందా?
నీ లక్ష్యాన్ని చేరే దారులు కనిపించక అలసిపోయి నిలబడ్డావా?
మిత్రమా! వదిలేయ్ నిన్ను నిన్నులా ఉండనివ్వని స్నేహాన్ని వదిలేయ్
మానేయ్ నీకు నచ్చని ఈ స్వభావాన్ని మానేయ్
నీకు పాఠాలు నేర్పడానికి ఈ ప్రకృతి సిద్ధంగా ఉంది
మూసుకుపోయిన నీ లక్ష్యపు తలుపులను తెరవడానికి నీ అధ్యాపకులు సిద్ధంగా ఉన్నారు
బయలుదేరు నేస్తమా!
అలిసే వరకు కాదు గెలిచే వరుకు వెళ్ళు.....

కలిసి ఉండటానికి కష్టపడే రెండు పక్షులు కథ:

అనగనగా ఒక అందమైన అడవి. ఆ అందమైన అడవి మధ్యలో ఒక నది ఉంది. నదికి ఇరు వైపులా రెండు పక్షులు జీవిస్తున్నాయి. ఒక రోజు రెండు పక్షులు కలిసి నది ఒడ్డున ఉన్న ఒక పెద్ద చెట్టు పై గూడు కట్టుకుని కలసి బ్రతుకుదాం అని నిర్ణయం తీసుకున్నాయి. రోజంతా కష్టపడి చెట్టు పై గూడు కట్టుకున్నాయి. కాని రెండు పక్షులకు తెలుసు ఏదో ఒక రోజు భారీ వర్షం కురుస్తుంది నది నీటి ప్రవాహం పెరిగి చెట్టు పడిపోతుంది మనం చనిపోతాం అని. కాని అందులో ఒక పక్షి అంటుంది మరొక పక్షితో పిచ్చి పక్షి కలసి బ్రతకలేము అని మన ఇద్దరికీ తెలుసు అయినా సరే కలసి బ్రతుకుదాం అని అనుకున్నాము. నాకు నమ్మకం ఉంది మనం కలసి ఉంటాం అని. ఆ దేవుడు రాసిన రాతకన్న మనం కలసి ఉండాలి అనే ధృడమైన సంకల్పం గొప్పది. భవిష్యత్తులో విడిపోతాం అని ఇప్పుడే బాధపడడం అవసరమా చెప్పు? దాని గురించి ఆలోచించడం మానేసి ఇప్పుడు జరిగే దాని గురించి ఆలోచించి అందులో ఆనందం పొందడం మంచిది అని చెప్పుకొచ్చింది ఒక పక్షి. విడిపోతాం అని తెలిసి కూడా కలసి ఉండాలి అనే ఆ పక్షుల నమ్మకమే ఆ రెండు పక్షులను చివరి వరకూ కలిసి ఉంచుతుంది.

మన మైత్రి కథ

ఎక్కడో పుట్టాం ఇక్కడే కలిసాం
ఎన్నో తీపి జ్ఞాపకాలు, మధురమైన స్మృతులు
కలకాలం కడవరకు ఈ స్నేహం ఇలానే ఉండాలి అని
మనసారా కోరుకుంటున్న.

ఎ. షణ్ముఖ

మా నాన్న...

నాన్న...
మా నాన్న
దేశానికి అన్నం పెడుతూ
తానే తినడం మరిచిపోయే ఓ రైతు.
పెద్ద రైతు నుంచీ
పేద రైతుగా మారిన ఓ గాధ...
తాను వేసిన పంట
నష్టపోతుందని తెలిసినా,
మళ్లీ మళ్లీ పండించే ఓ వ్యసనపరుడు.
లాభం వస్తుందో లేదో
అనుకుని చూసుకోకుండా,
మళ్లీ మళ్లీ జొన్నలు విత్తె
ఓ జూదగాడు అయిపోయాడు.
ఎర్రని ఎండని కూడా
పండు వెన్నెల లా
భావించి కష్టపడే ఓ శ్రామికుడు
మేమిద్దరం ఉన్నా,
మాకన్నా ఎక్కువగా
ఆ పొలాన్ని ప్రేమించే నాన్న...
దాన్ని తన బిడ్డలా చూసుకునే పిచ్చి నాన్న.
చివరిదాకా
వ్యవసాయమే జీవితం అనుకునే
మా నాన్న... ఓ అసలైన రైతు

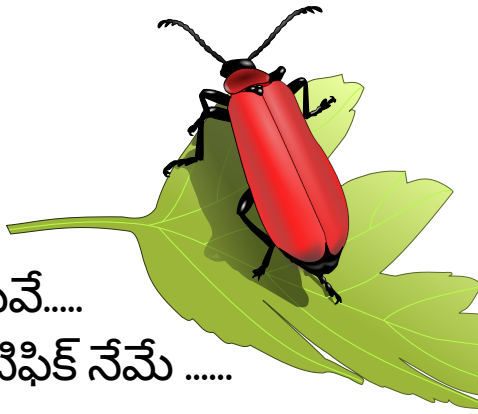
పేరడీ సాంగ్: సుడి దోమ (Brown Plant Hopper)



పల్లవి:

ఒకే ఒక పురుగువు నువ్వే ....
పంటను బాగా ఆశిస్తావే ....
సుడులు సుదులుగా చేసేస్తావే సుడిదోమవే.....
హోమోప్టేర క్రమం నీదే, నీల పర్వత లూజెన్స్ సైంటిఫిక్ నేమే .....
డెల్ఫాసిడే ఫ్యామిలీ నీదే
సుడి దోమ వే.....

చరణం:

పిల్ల మరియు పెద్ద పురుగులు దుబ్బుల మొదళ్ళ నాశించునే..
అందు వల్ల పోషకాలు మొక్క కందవే...
ఆకులన్నీ పసుపు రంగులోనికి మారిపోతాయే ...
క్రమేపీ మొక్కలు మొత్తం ఎండిపోతాయే ...
సుడులు సుడులుగా ఎండిపోతాయే ....
" ఒకే ఒక పురుగువు నువ్వే "

చరణం:

గ్రాసీ స్టంట్, రాగ్డ్ స్టంట్ తెగుళ్లను వ్యాపించునే...
తట్టుకునే రకాలైన ఇంద్ర ప్రతిభ మొదలగునవి సాగు చెయ్యునే....
పొలాన్ని తరచుగా ఆరబెట్టాలి, నత్రజని ఎరువులను వెయ్యాలి....
రెండు మీటర్లకు ఇరవై సెంటీమీటర్ల కాలిబాటలను తియ్యాలి (అల్లీస్)....
" ఒకే ఒక పురుగువు నువ్వే "
ఒకే ఒక లోకం నువ్వే (శశి)

విత్తనంగా ఆశ, పంటగా విజయం

2023వ సంవత్సరం. వర్షాలు మాయమయ్యాయి, పొలాలు పగుళ్ళు పట్టాయి, బావులు బోసిపోయాయి, వేళ్ల మధ్య నుంచి మట్టినే కాక ఆశల్ని కూడా జారినట్టుంది. వేన్నివారిపాలెం గ్రామంలో రాఘవయ్య అనే వృద్ధ రైతు ఉండేవాడు. ఆయన వయసు 63 సంవత్సరాలు. ఒకప్పుడు బంగారు బియ్యం పండించిన ఆ చేతులు ఇప్పుడు బీడు పడ్డ నేల చూసి నిశ్శబ్దంగా వణుకుతున్నాయి. అతనితో పాటు ఉన్న మనవడు కార్తిక్, B.Sc.(Ag.) తృతీయ సంవత్సరం విద్యార్థి. వేసవి సెలవులలో ఇంటికి వచ్చిన అతను పొలాల పరిస్థితిని చూసి దిగ్భ్రాంతి చెందాడు.

ఒక సాయంత్రం తాతయ్యను అడిగాడు, “తాతయ్యా, మల్చింగ్, డ్రిప్ ఇరిగేషన్, జీవా మృతం వాడితే నేలకి మళ్లీ జీవం వస్తుంది.” రాఘవయ్య తల ఊపుతూ అన్నాడు, “ఈ భూమికి వర్షం తప్ప మరేం అర్థం కాదు.” కానీ కార్తిక్ ప్రయత్నం ఆప లేదు. మరుసటి రోజు నుండే తన జ్ఞానం ప్రకారం పని చేయడం ప్రారంభించాడు. కొబ్బరి బెరడు, నిమ్మ ఆకులు, జీవామృతం ఉపయోగించి, పాత బాటిళ్లతో డ్రిప్ వ్యవస్థ అమర్చాడు. తాతయ్య దూరంగా చూస్తూ ఉండేవాడు. ఊహించని నమ్మకం అతని మౌనంలో దాగి ఉంది.

ఒక రోజు వాదనలు మొదలయ్యాయి. గ్రామ పెద్దలు కార్తిక్, గగ్గోలు పెట్టారు. “ఇతని విద్యతో వర్షం వస్తుందా?” “నీళ్లు వృధా చేస్తున్నాడు.” అప్పుడే రాఘవయ్య ముందుకొచ్చి, “ఇతను ప్రయత్నిస్తున్నాడు. నేనెప్పుడో ఓడిపోయాను. వాడు మాత్రం నమ్మకంతో నడుస్తున్నాడు,” అని చెప్పాడు.

47వ రోజున మొలకలు బయటపడ్డాయి. మట్టి పచ్చగా మారింది. గ్రామస్తులు ఆశ్చర్యపోయారు. కార్తిక్ ప్రయత్నం ఇప్పుడు ఆదర్శంగా మారింది. ఇప్పటి వరకు మూగగా ఉన్న భూమి మళ్లీ మాట్లాడింది – ఈసారి మనవడి గళంలో.

ఆ రోజు తరువాత వర్షాలు క్రమంగా పడుతూ వచ్చాయి. కార్తిక్ వేసిన మిల్లెట్ పంట పూర్ణంగా పెరిగింది. పొలాలు మళ్లీ పచ్చగా మారాయి. రైతుల ముఖాల్లో నవ్వులు కనిపించాయి. గ్రామంలోని యువతులు, యువకులు కార్తిక్ వద్దకు వచ్చి నేర్చుకోవడం మొదలుపెట్టారు. తన ప్రయోగం ద్వారా గ్రామం మొత్తం ఒక నూతన దిశలో పయనించింది. తాతయ్య రాఘవయ్య ఇప్పుడు పొలాల్లో తిరుగుతుంటాడు – గర్వంగా, ఆనందంగా. తన మనవడు తనకే కొత్త పాఠం నేర్పాడని తన హృదయంలో నిశ్శబ్దంగా ఒప్పుకున్నాడు. తుది గా, వేన్నివారిపాలెం ఇప్పుడు ఒక నమూనా గ్రామంగా మారింది.

అక్కడ భూమి నిష్కలుషంగా మాట్లాడుతోంది... ఈసారి ఆశగా, ఆహ్లాదంగా, అభివృద్ధి వైపు.
